Scripts basics

For every Scripts card you buy, you earn rebates. For example, the school purchases a \$100 Giant Eagle Card for \$95. You purchase it from the school for \$100. The \$5 discount goes into your Scripts rebate account. You earn \$3.75 or 75% of the total rebate. The remaining 25% of the savings is used by the Queen of Angels Scrip program to cover shipping and processing costs.

If you purchase \$100 of Giant Eagle Scripts each week, you will earn a yearly rebate of \$195. Rebate percentages are different for each retailer: Giant Eagle is 5%, Walmart is 2.5%. Up-to-date percentages are listed at ShopWithScrip.com.

You can maximize your savings by purchasing cards for all your shopping, dining and traveling needs. One family received more than \$1,600 toward tuition savings this year by ordering from Scripts-To-Go and Scheduled Scripts retailers.

Online ordering

You can use online ordering for daily Scripts-To-Go retailers and for weekly Scheduled Scripts orders. Online Scripts orders have an extra benefit of ScripNow! Printable gift cards and reloads. Payment for online orders can be by check or Presto Pay.

Paper orders will be accepted, as well, but online ordering will help you to see your rebate grow with every click, and it will show you when retailers are offering extra rebate incentives as well as the most current listing of retailers available.
