## Program Overview:

Choosing a school for your student is one of the most important decisions a parent can make. As parents, your decision will profoundly influence your child for years to come. Sending your student to Queen of Angels Catholic School ensures that he or she will be educated in a faith-filled environment with wonderful academic opportunities. While we are proud of our school's accomplishments, we truly pride ourselves on serving each student and helping them reach their maximum potential.

It is our **mission** to bring children together in a safe, positive, nurturing environment that presents diverse learning opportunities to accommodate the varied learning styles of young children.

It is our **belief** that the children in our care experience God's love and its transforming power in a special way when integrated throughout a curriculum with a value-based, Christ-centered philosophy

It is our **hope** that you and your child share a joyful and memorable preschool experience.

## Additional Information:

**Dress Code:** Students are asked to wear comfortable shoes and clothes to class.

**After Care:** After Care is available for full day students until 5:30pm. Additional rates apply.

**Report Cards/Conferences:** Students will be assessed multiple times throughout the year and will be issued report cards twice during the school year. Parents will also have the opportunity to meet with their child's teacher to discuss their progress throughout the year.

**Specials:** Depending on which program your student is enrolled, they may attend physical education, music, art, STREAM, or Spanish

"The preschool program at Queen of Angels is a unique, warm, and fun environment, where the kids feel welcomed to play and learn. This upcoming year, my 5th child will be entering into preschool here, I can't wait to see him grow, make friends, and love the wonderful teachers!" -Julienne Dixon

# Afternoon Enrichment Option

Available for children ages 3-5  
11:30-2:30

Our afternoon enrichment option provides students with a full day of learning as an extension of their core morning curriculum. The goal of enrichment is to provide a challenging curriculum through developmentally appropriate practices and to reinforce our students' readiness skills. Children will immerse themselves into a theme-based curriculum that is focused on preparing them for academic success.

- **Language and Reading** – We will reinforce and develop literacy skills to become emergent readers and writers. Students will continue to build on their alphabet knowledge and be introduced to sight words.
- **Math** – Our goal in math is to construct a mathematical understanding of the relationship between number and quantity. We will reinforce recognizing written numbers and become familiar with graphs and charts.

# Toddler Two Program

Classes meet once or twice a week

Our Toddler Two program provides fun learning experiences that encourage your student to explore their environment and interact with their peers and teachers. This program is designed to meet the child's developmental needs by providing age-appropriate, adult-assisted play activities. Children must be two years old by October 1 and an adult must accompany a child to the class.

Children will practice self-help skills, motor skills, and socialization through:

- Discovery Centers
- Group Circle Time
- Singing
- Art Projects
- Creative Play

“We are so blessed to have had Queen of Angels preschool as my son’s first school experience. The teachers and staff are beyond wonderful and fostered a sense of lifelong learning that will carry him throughout his education.” - Stephanie Brentzel

## 3-Year-Old Programs

2 days a week full or half day option  
Tuesday and Thursday

Our 3-year-old program offers an introduction to a classroom setting with a focus on social skills, self-help skills, and motor control skills with exposure to developmental and age-appropriate curriculum.

The Preschool Curriculum Includes:

- Language expression and listening skills cultivated through circle time, literature, and music.
- Science, art, and dramatic play centers that allow children to explore, create, and discover.
- Fine and gross motor skills developed through art, educational manipulatives, and physical education classes.
- Faith-based education through bible stories and daily prayer.
- Various holidays and feast days that are celebrated together.

**“We have sent all 5 of our children to Queen of Angels Preschool. In a world of increasing academic pressure, the play-based curriculum allows our children to grow and thrive the way that 3, 4 and 5 year old's should. The teachers are so loving and creative, helping to build not only academic and life skills but also self confidence, which will follow them the rest of their lives!” - Susan Cheplic**

## 4-Year-Old Programs

3 days a week full or half day option (MWF)  
5 days a week full or half day option

Our Prekindergarten program focuses on Kindergarten readiness and social/emotional skills that will help your child to succeed. This developmentally-appropriate curriculum provides opportunities for learning through a multi-sensory approach.

The Prekindergarten Curriculum Includes:

- Development of foundational literacy skills that emphasize phonemic awareness and alphabet knowledge in preparation for reading readiness.
- Mathematical skills taught through hands-on games and activities that deepen your student's understanding of numbers, geometry, and critical thinking.
- Fine motor skills enhanced through art, journaling, and building in the classroom, as well as during weekly art and STREAM classes. Gross motor skills developed during outdoor recess time and weekly physical education.

- Faith-based education through daily prayer, virtues, and bible stories that emphasize respect and consideration for all of God's creation.
